**Summary:**

This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

**CALAFCO Comments:** This is a CALAFCO sponsored bill following up on the recommendation of the Little Hoover Commission report of 2017 for the Legislature to provide LAFCos one-time grant funding for in-depth studies of potential reorganization of local service providers. Last year, the Governor vetoed AB 2258 - this is the same bill. The Strategic Growth Council (SGC) will administer the grant program. Grant funds will be used specifically for conducting special studies to identify and support opportunities to create greater efficiencies in the provision of municipal services; to potentially initiate actions based on those studies that remove or reduce local costs thus incentivizing local agencies to work with the LAFCo in developing and implementing reorganization plans; and the dissolution of inactive districts (pursuant to SB 448, Wieckowski, 2017). The grant program would sunset on July 31, 2024.

The bill also changes the protest threshold for LAFCo initiated actions, solely for the purposes of actions funded pursuant to this new section. It allows LAFCo to order the dissolution of a district (outside of the ones identified by the SCO) pursuant to Section 11221 of the Elections code, which is a tiered approach based on registered voters in the affected territory (from 30% down to 10% depending).

The focus is on service providers serving disadvantaged communities. The bill also requires LAFCo pay back grant funds in their entirety if the study is not completed within two years and requires the SGC to give preference to LAFCos whose decisions have been aligned with the goals of sustainable communities strategies.

The fiscal request is \$1.5 million over 5 years. CALAFCO is attempting to get this in the May revise budget so there is no General Fund appropriation (the reason Gov. Brown vetoed the bill).

**Summary:**

Current law requires a commission to develop and determine the sphere of influence of each city and each special district within the county and enact policies designed to promote the logical and orderly development of areas within each sphere. Current law requires the commission, in order to prepare and update spheres of influence in accordance with this requirement, to conduct a service review of the municipal services provided in the county or other appropriate area designated by the commission, as specified. Current law defines "sphere of influence" to mean a plan for the probable physical boundaries and service area of a local agency. Current law defines the term "service" for purposes of the act to mean a specific governmental activity established within, and as a part of, a general function of the special district, as specified. This bill would revise the definition of the term "service" for these purposes to mean a specific governmental activity established within, and as a part of, a general function of the local agency.

**Summary:**

The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would extend services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

**Position:** Watch

**CALAFCO Comments:** This bill requires a fire protection district to hold an election to (at their expense) approve an extension of service regardless of the level of protest.

**Summary:**

Would create the Small System Water Authority Act of 2019 and state legislative findings and declarations relating to authorizing the creation of small system water authorities that will have powers to absorb, improve, and competently operate noncompliant public water systems. The bill, no later than March 1, 2020, would require the state board to provide written notice to cure to all public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance, for the period from July 1, 2018, through December 31, 2019, with one or more state or federal primary drinking water standard maximum contaminant levels, as specified.

**Position:** Watch

**Subject:** Water

**CALAFCO Comments:** This bill is very similar to AB 2050 (Caballero) from 2018. Several changes have been made. This bill is sponsored by Eastern Municipal Water District and the CA Municipal

Utilities Assoc. The intent is to give the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFCo will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFCo will have ability to approve with modifications the application, and the new agency will have to report to the LAFCo annually for the first 3 years.

**Summary:**

Current property tax law, for the 2006–07 fiscal year, and for each fiscal year thereafter, requires the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year, if specified provisions did not apply, and the product of the amount

as so described and the percentage change from the prior fiscal year in the gross taxable valuation within the jurisdiction of the entity. Current law establishes a separate vehicle license fee adjustment amount for a city that was incorporated after January 1, 2004, and on or before January 1, 2012.
