Summary: The California Public Records Act requires each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, to make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable, except with respect to public records exempt from disclosure by express provisions of law. Existing law requires each agency, within 10 days of a request for a copy of records, to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person of the determination and the reasons therefor. Existing law authorizes that time limit to be extended by no more than 14 days under unusual circumstances, as defined. This bill would instead require each agency to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person as described above within 10 business days of a request for a copy of records.

Summary: The Housing Crisis Act of 2019, with respect to land where housing is an allowable use and except as specified, prohibits a county or city, including the electorate exercising its local initiative or referendum power, in which specified conditions exist, determined as provided by the Department of Housing and Community Development, from enacting a development policy, standard, or condition, as defined, that would have certain effects. Under existing law, these proscribed policies, standards, or conditions include, among others, (A) changing the land use designation or zoning of a parcel or parcels of property to a less intensive use or reducing the intensity of land use within an existing zoning district below what was allowed under the general plan or specific plan land use designation and zoning ordinances of the county or city as in effect on January 1, 2018, and (B) imposing or enforcing a moratorium on housing development within all or a portion of the jurisdiction of the county or city, except as provided. Existing law states that these prohibitions apply to any zoning ordinance adopted or amended on or after the effective date of these provisions, and that any development policy, standard, or condition on or after that date that does not comply is deemed void. Existing law prohibits a county or city subject to these provisions from enforcing a zoning ordinance imposing a moratorium or other similar restriction on or limitation of housing development until it has submitted the ordinance to, and received approval from, the Department of Housing and Community Development. Existing law requires the department to approve a zoning ordinance submitted to it only if the

department determines that the zoning ordinance satisfies these requirements. If the department denies approval of the zoning ordinance, as specified, existing law states that the ordinance is deemed void. This bill would expand the prohibition against enacting a development policy, standard, or condition that has the effect of imposing or enforcing a moratorium on housing development within all or a portion of the jurisdiction of the county or city to also prohibit these policies, standards, or conditions within the sphere of influence of a city, as defined.

Summary: Existing law, the legislative code of ethics, prohibits Members of the Legislature from entering into, or requesting that another party enter into, a nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation. Existing law also makes any nondisclosure agreement relating to the drafting, negotiation, or discussion of proposed legislation entered into after January 1, 2026, void and unenforceable. Existing law provides an exception for nondisclosure agreements, or portions thereof, that prevent only the disclosure of trade secrets, financial information, or proprietary information, as specified. This bill would prohibit a local agency official, as defined, acting in their official capacity from entering into, or requesting that another individual enter into, a nondisclosure agreement relating to public business that precludes their ability to share information with fellow local agency officials serving on the same council, board, commission, district, or agency. The bill would require a local agency official in violation of that provision to, among other things, disclose the existence of the nondisclosure agreement, as specified, and would provide that these requirements imposed on a local agency official also apply to a local agency official acting in their official capacity who entered into, or requested that another individual enter into, a nondisclosure agreement described above before January 1, 2027.

Summary: The Cemetery and Funeral Act establishes the Cemetery and Funeral Bureau within the Department of Consumer Affairs and sets forth its powers and duties relating to the licensure and regulation of, among others, cemeteries and cemetery authorities. Existing law authorizes the bureau to establish necessary rules and regulations for the administration and enforcement of the act and the laws subject to its jurisdiction and to prescribe the form of statements and reports provided for in the act. This bill would authorize the bureau to establish an advisory committee to assist the bureau in engaging consumers and licensees in its regulatory activities. The bill would require the advisory committee, if established by the bureau, to include at least one member from licensed representatives of the death care industry, members of the public, and representatives of local governments.

Summary: The Joint Exercise of Powers Act authorizes 2 or more public agencies, by agreement, to form a joint powers authority to exercise any power common to the contracting parties, as specified. Existing law requires a joint powers agreement to state the purpose of the agreement or the power to be exercised, and to provide for the method by which the purpose will be accomplished or the manner in which the power will be exercised. The act grants the agency the common power specified in the agreement and authorizes the agency to exercise that power in the manner provided in the agreement. Existing law authorizes a governing body that satisfies certain conditions to delegate its functions to an advisory body. This bill would define the terms “advisory body,” “policy formation,” “program development,” and “program implementation” for purposes of that provision. The bill would state that these definitions do not constitute a change in, but are declaratory of, existing law.
