Summary:

The Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. Under existing law, a member of the legislative body who attends a meeting where action is taken in violation of this provision, with the intent to deprive the public of information that the member knows the public is entitled to, is guilty of a crime. This bill would require all meetings to include an opportunity for members of the public to attend via a telephonic option and an internet-based service option. The bill would require all meetings to include an in-person public comment opportunity, except in specified circumstances during a declared state or local emergency. The bill would require all meetings to provide the public with an opportunity to comment on proposed legislation in person and remotely via a telephonic and an internet-based service option, as provided, and would specify requirements for public comment registration.

CALAFCO Comments: This bill allows for continued remote participant in local (and state) hearings/meetings while adding requirements for both call-in and internet service based options for all public meetings; requires providing closed caption services; and requires agencies to provide language access services. The bill requires teleconferenced meetings to include an in-person public comment opportunity that creates a place where members of the public can gather at a designated site to give public comment (barring any in-person restrictions). Further, the bill requires the agenda and instructions for accessing the meeting to be translated into all languages for which 5% of the population in the area governed by the local agency is a speaker.

The bill adds requirements for local agencies to employ a sufficient amount of qualified bilingual people to provide translation services during the meeting in the language of the non-English speaking person (consistent with all languages for which 5% of the population in the area governed by the local agency speak). The bill adds similar requirements for any state legislative body. All of these new requirements are unfunded mandates.

This bill is sponsored by the Leadership Counsel for Justice and Accountability. A fact sheet is posted in the tracking section of the bill.

UPDATE AS OF 4/20/21 - The bill was significantly amended on 4-15-21. These amendments removed all state requirements as noted above. Further, they require public participation by phone or internet (with video/audio), and allow agencies to create a registration process for public comments so long as people can register to speak via phone and in person.

The amendments remove the blanket requirement to translate the agenda and meeting access information and makes those an on-request requirements. The amendments also remove the blanket requirement for agencies to have sufficient qualified bilingual translators during meetings and changes that requirement to on-request, and requires agencies to make public the process to make such a request.

All requirements remain unfunded mandates.

Summary:

Would authorize a local agency to use teleconferencing without complying with the teleconferencing

requirements imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting for the purpose of declaring or ratifying a local emergency, during a declared state of emergency or local emergency, as those terms are defined, when state or local health officials have imposed or recommended measures to promote social distancing, and during a declared local emergency provided the legislative body makes certain determinations by majority vote. The bill would require legislative bodies that hold teleconferenced meetings under these abbreviated teleconferencing procedures to give notice of the meeting and post agendas, as described, to allow members of the public to access the meeting and address the legislative body, to give notice of the means by which members of the public may access the meeting and offer public comment.

Subject: Brown Act

CALAFCO Comments: Executive Order No. N-29-20 suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic provided that certain requirements are met (noticing, public access, etc.). This bill allows a local agency to conduct meetings using teleconference methods without complying with certain teleconferencing requirements if they are meeting for the purposes of declaring or ratifying a local emergency, during a declared state or local emergency (as defined in statute), when state or local health officials have imposed or recommended certain measures to promote social distancing, and during a declared local emergency provided the legislative body makes certain determinations by majority vote.

The legislative body must give notice of the meeting and post agendas to allow members of the public to access the meeting and address the legislative body, offer public comment, and protect rights of the parties and public appearing before the legislative body. The bill also rescinds the requirement that at least a quorum of the body must meet within the jurisdictional boundaries of the agency under these circumstances when meeting via telecon.

UPDATE: As amended on 4/6/21, the bill now specifies that the new statute can be applied if meeting in person presents imminent risk to the health & safety of attendees; Requires the agenda to provide opportunity for anyone to attend via call-in or internet option; should there be a service disruption that prevents remote public participation, the agency must take no further action on any agenda item until service is restored; the agency cannot require submittal of public comments in advance of the meeting; and requires the legislative body, every 30 days after the initial declaration of emergency, should the emergency remain active, to make certain findings that the emergency still exists and prevents in-person meetings.

This bill is sponsored by the CA Special Districts Association (CSDA). The bill is not marked fiscal. A fact sheet is posted in the tracking section of the bill.

Summary:

Current law, by Executive Order N-29-20, suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic, provided that notice requirements are met, the ability of the public to observe and comment is preserved, as specified, and that a local agency permitting teleconferencing have a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, as specified. This bill would remove the notice requirements particular to teleconferencing and would revise the requirements of the act to allow for teleconferencing subject to existing provisions regarding the posting of notice of an agenda, provided that the public is allowed to observe the meeting and address the legislative body directly both in person and remotely via a call-in option or internet-based service option, and that a quorum of members participate in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the jurisdiction.

Position: Watch

Subject: Brown Act

CALAFCO Comments: As amended on 4/29/21, the bill requires local agencies to allow for public participation during meetings of the legislative body both at in-person and via a call-in or internet-based option. It further requires that if the agency holds a teleconference meeting, at least a quorum of the governing body shall participate in person from a single location which shall be open to the public (and located within the boundaries of the jurisdiction).

Despite these requirements, the bill is not marked fiscal. Further, it applies only to local agencies, not state agencies.

The bill is sponsored by Three Valleys Municipal Water Agency.

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the authority and procedure for the initiation, conduct, and completion of changes of organization, reorganization, and sphere of influence changes for cities and districts, as specified. Current law requires a local agency formation commission to develop and determine the sphere of influence of each city and each special district within the county and enact policies designed to promote the logical and orderly development of areas within each sphere. Current law requires, when a proposed change of organization or reorganization applies to 2 or more affected counties, that exclusive jurisdiction vest in the commission of the principal county, unless certain things occur. This bill would add the determination of a sphere of influence to the types of proposed changes for which exclusive jurisdiction may or may not vest in a principal county.

Summary:

Current law establishes the Safe and Affordable Drinking Water Fund in the State Treasury to help water systems provide an adequate and affordable supply of safe drinking water in both the near and long terms. Current law authorizes the state board to provide for the deposit into the fund of certain moneys and continuously appropriates the moneys in the fund to the state board for grants, loans, contracts, or services to assist eligible recipients. This bill would prohibit, once an operator of a public water system exercises water rights for the benefit of the public water system, those surface water rights or groundwater rights from being severed or otherwise separated from the public water system.

[AB 1195 Fact Sheet](#)

Position: Watch With Concerns

Subject: Water

CALAFCO Comments: As amended on 4-6-21, the bill was gut and amended and now creates the So LA County Human Rights to Water Collaboration Act. It requires the Water Board to appoint a commissioner to implement the Safe & Affordable Funding for Equity & Resilience Program and gives the commissioner certain authorities (although they are not clearly spelled out). It requires the commissioner by 12-31-24 to submit to the Water Board a plan for the long-term sustainability of public water systems in southern LA County and prescribes what shall be included in the plan. The bill also creates a technical advisory board and requires the commissioner to oversee the Central Basin Municipal Water District.

In its current form the bill creates numerous concerns. CALAFCO's letter of concern is posted in the tracking section of the bill, and includes: (1) Focus of the bill is very broad as is the focus of the commissioner; (2) In an attempt to prevent privatization of water systems there is language regarding severing water rights. That language could be problematic should a consolidation be ordered; (3) Diminishing local control that is being invested in the state (an ongoing concern since SB 88); (4) A clear distinction needs to be made between an Administrator and Commissioner; (5) The poorly written section on the technical advisory board; and (6) The lack of LAFCo involvement in any consolidation process.

CALAFCO will continue to work with LA LAFCo, the author's office and other stakeholders on the bill.

The bill is author-sponsored and we understand there is currently no funding source. A fact sheet is posted in the tracking section of the bill. CALAFCO's letter of concern is also posted there.

Summary:

The California Safe Drinking Water Act, provides for the operation of public water systems and imposes on the

State Water Resources Control Board related regulatory responsibilities and duties. Current law authorizes the state board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2021, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system. The bill would require the commission to approve or deny the application within 8 months, except as provided.

Subject: Municipal Services, Water

CALAFCO Comments: The intent of the bill is to prescribe response timelines for the PUC in terms of processing consolidations. This bill creates the Consolidation for Safe Drinking Water Act of 2021. The bill allows a water or sewer corp to file an application with the Public Utilities Commission (PUC) to approval to consolidate with a public or state small system. The bill requires the PUC to act on the application within 8 months of receipt. If a consolidation is valued at \$5 million or less, the water or sewer corp can file an advise letter and get the PUC approval via resolution. In this instance, the PUC has 120 days to act on the request. The bill also give the PUC authority to designate a different procedure to request consolidation for systems valued less than \$5M.

The bill requires the PUC to prioritize consolidation requests based on compliance records and requires the entity requesting consolidation to conduct a thorough public process.

The bill is sponsored by the California Water Association and does not have an impact on LAFCos. Nevertheless, CALAFCO will keep a watch on the bill. A fact sheet is posted in the tracking section of the bill.

Summary:

Current law requires the Director of Forestry and Fire Protection to identify areas in the state as very high fire hazard severity zones based on the severity of fire hazard that is expected to prevail in those areas, as specified, and requires each local agency to designate, by ordinance, the very high fire hazard severity zones in its jurisdiction. Current law additionally requires the director to classify lands within state responsibility areas into fire hazard severity zones. This bill, beginning on or after January 1, 2022, would prohibit the legislative body of a city or county from entering into a residential development agreement for property located in a very high fire risk area. The bill would define "very high fire risk area" for these purposes to mean a very high fire hazard severity zone designated by a local agency or a fire hazard severity zone classified by the director.

CALAFCO Comments: This bill prohibits a city or county from entering into a residential development agreement for property located within a very high fire risk area as of 1-1-2022.

This bill appears similar to SB 55 (Stern) except: (1) This bill explicitly calls out residential development, whereas SB 55 addresses new development (housing, commercial, retail or industrial) in a very high fire hazard severity zone; and (2) SB 55 adds a state responsibility area.

The bill is not marked fiscal. This is an author-sponsored bill and a fact sheet is posted in the tracking section of the bill.

Summary:

Would, in furtherance of specified state housing production, sustainability communities strategies, greenhouse gas reduction, and wildfire mitigation goals, prohibit the creation or approval of a new development, as defined, in a very high fire hazard severity zone or a state responsibility area unless there is substantial evidence that the local agency has adopted a comprehensive, necessary, and appropriate wildfire prevention and community hardening strategy to mitigate significant risks of loss, injury, or death, as specified. By imposing new duties on

local governments with respect to the approval of new developments in very high fire hazard severity zones and state responsibility areas, this bill would impose a state-mandated local program.

Subject: Growth Management, Planning

CALAFCO Comments: This bill prohibits the creation or approval of a new development (housing, commercial, retail or industrial) in a very high fire hazard severity zone or a state responsibility area. The bill is author-sponsored and imposes unfunded mandates. A fact sheet is posted in the tracking section of the bill.

As amended on 4/5/21, the bill removes the "blanket approach" to prohibiting development as noted above by adding specificity. The bill prohibits development in either of the areas noted above unless there is substantial evidence that the local agency has adopted a comprehensive, necessary and appropriate wildfire preventions and community hardening strategy to mitigate significant risks of loss, injury or death as specified in the bill. Additionally, the bill provides a qualifying developer a supplemental height bonus and a supplemental density bonus, as specified, if the development is located on a site that meets certain criteria, including, among others, not being located in a moderate, high, or very high fire hazard severity zone, as specified. These requirements are unfunded mandates.

This bill appears similar to AB 1295 (Muratsuchi) except this bill appears to be broader in scope in terms of the type of development prohibited and includes a state responsibility area, whereas AB 1295 only addresses residential development in a very high fire risk area.

Summary:

The California Safe Drinking Water Act authorizes the State Water Resources Control Board to order consolidation with a receiving water system where a public water system or a state small water system, serving a disadvantaged community, consistently fails to provide an adequate supply of safe drinking water or where a disadvantaged community is substantially reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water. Subject: Disadvantaged Communities, Water

CALAFCO Comments: Current law (Health & Safety Code Section 116682) authorizes the State Water Resources Control Board (Board) to order consolidation (physical or operational) of a public water system or state small water system serving a disadvantaged community that consistently fails to provide an adequate supply of safe drinking water, or a disadvantaged community (in whole or part) that is substantially reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water. This bill would add to that a water system or domestic well(s) that are at risk of failing to provide an adequate supply of safe drinking water, as determined by the Board. The bill also requires the Board, before ordering consolidation, to conduct outreach to ratepayers and residents served by the at-risk system and to consider any petition submitted by members of a disadvantaged community being served by the at-risk system.

There appears to be several problems with this bill: (1) The bill does not define "at risk" and there is no definition of "at risk" currently in H&S Code Sec. 116681; (2) There is a lack of consultation with GSAs by the State Board when considering ordering consolidation or extension of service; (3) There is no requirement or even consideration for annexation upon extension of service; and (4) there does not appear to be a limitation of the number of connections or the extent to which the system can be extended.

The bill is co-sponsored by the Leadership Counsel for Justice and Accountability, Clean Water Action and Community Water Center. A fact sheet is posted in the tracking section of the bill. CALAFCO's position letter is also posted there.

Specific to SB 403, we requested 3 amendments: (1) Define "at risk"; (2) Add a requirement for the SWRCB to consult with GSAs when considering a domestic well consolidation; and (3) Put a cap on the number of users to be added by the subsuming system or the extent to which the service is being extended. Summary:

Current law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Current law establishes the Office of Planning and Research in state government in the Governor's office. Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the office to encourage the inclusion of agencies with land use planning authority into regional climate networks. The bill would authorize a regional climate network to engage in activities to address climate change, as specified.

Subject: Climate Change

CALAFCO Comments: As introduced, the bill builds on existing programs through OPR by promoting regional collaboration in climate adaptation planning and providing guidance for regions to identify and prioritize projects necessary to respond to the climate vulnerabilities of their region.

As amended, the bill requires OPR to develop guidelines (the scope of which are outlined in the bill) for Regional Climate Adaptation Action Plans (RCAAPs) by 1-1-23 through their normal public process. Further the bill requires OPR to make recommendations to the Legislature on potential sources of financial assistance for the creation & implementation of RCAAPs, and ways the state can support the creation and ongoing work of regional climate networks. The bill outlines the authority of a regional climate network, and defines eligible entities. Prior versions of the bill kept the definition as rather generic and with each amended version gets more specific. As a result, CALAFCO has requested the author add LAFCOs explicitly to the list of entities eligible to participate in these regional climate networks.

As amended on 4/7, AB 11 (Ward) was joined with this bill - specifically found in 71136 in the Public Resources Code as noted in the amended bill. Other amendments include requiring OPR to, before 7-1-22, establish geographic boundaries for regional climate networks and prescribes requirements in doing so.

This is an author-sponsored bill. The bill necessitates additional resources from the state to carry out the additional work required of OPR (there is no current budget appropriation). A fact sheet is posted in the tracking section of the bill.

Summary:

Would require the dissolution of the Los Medanos Community Healthcare District, as specified. The bill would require the County of Contra Costa to be successor of all rights and responsibilities of the district, and require the county to develop and conduct the Los Medanos Area Health Plan Grant Program focused on comprehensive health-related services in the district's territory. The bill would require the county to complete a property tax

transfer process to ensure the transfer of the district's health-related ad valorem property tax revenues to the county for the sole purpose of funding the Los Medanos Area Health Plan Grant Program. By requiring a higher level of service from the County of Contra Costa as specified, the bill would impose a state-mandated local program.

Position: Watch

CALAFCO Comments: This bill mandates the dissolution of the Los Medanos Community Healthcare District with the County as the successor agency, effective 2-1-22. The bill requires the County to perform certain acts prior to the dissolution. The LAFCo is not involved in the dissolution as the bill is written. Currently, the district is suing both the Contra Costa LAFCo and the County of Contra Costa after the LAFCo approved the dissolution of the district upon application by the County and the district failed to get enough signatures in the protest process to go to an election.

The amendment on 4/5/21 was just to correct a typo in the bill.

As amended on 4/19/21, the bill specifies monies received by the county as part of the property tax transfer shall be used specifically to fund the Los Medanos Area Health Plan Grant Program within the district's territory. It further adds a clause that any new or existing profits shall be used solely for the purpose of the grant program within the district's territory.

Summary:

Current law prescribes procedures, including the election of a board of directors, for the formation of regional park districts, regional park and open-space districts, or regional open-space districts. Current law authorizes 3 or more cities, together with any parcel or parcels of city or county territory, whether in the same or different counties, to organize and incorporate, but requires that all the territory in the proposed district be contiguous. Current law requires the board of directors to superintend, control, and make available to all the inhabitants of the district all public recreation lands and facilities, as provided. Existing law authorizes the board to adopt regulations. Current law provides that a violation of an ordinance, rule, or regulation adopted by the board is a misdemeanor punishable by a fine or imprisonment in the county jail, as provided. This bill would authorize the board of directors to adopt regulations relating to nuisances and establish a procedure for the abatement of the nuisances, including administrative abatement.

CALAFCO Comments: As introduced, this bill gives authority to independent regional park & open space districts governed by PRC 5500 to: (1) Declare by ordinance what constitutes a public nuisance; (2) Abate those public nuisances by either administrative or civil actions; and (3) Ability to recover costs incurred in abating the public nuisance, including attorneys' fees. There are 4 of these independent special districts: (1) Midpeninsula Regional Open Space District; (2) East Bay Regional Park District; (3) Monterey Peninsula Regional Park District; and (4) Napa County Regional Park and Open Space District. A fact sheet is posted in the tracking section of the bill.

Summary:

The Political Reform Act of 1974 regulates conflicts of interests of public officials and requires that public officials file, with specified filing officers, periodic statements of economic interests disclosing certain information regarding income, investments, and other financial data. The Fair Political Practices Commission is the filing officer for statewide elected officers and candidates and other specified public officials. If the Commission is the filing officer, the public official generally files with their agency or another person or entity, who then makes a copy and files the original with the Commission. This bill would revise and recast these filing requirements to make various changes, including requiring public officials and candidates for whom the Commission is the filing officer to file their original statements of economic interests electronically with the Commission.

Position: Watch

Subject: FPPC

CALAFCO Comments: As introduced, this bill makes two notable changes to the current requirements of gift notification and reporting: (1) It increases the period for public officials to reimburse, in full or part, the value of attending an invitation-only event, for purposes of the gift rules, from 30 days from receipt to 30 days following the calendar quarter in which the gift was received; and (2) It reduces the gift notification period for lobbyist employers from 30 days after the end of the calendar quarter in which the gift was provided to 15 days after the calendar quarter. Further it requires the FPPC to have an online filing system and to redact contact information of filers before posting.

The amendment on 4/21/21 just corrects wording (technical, non-substantive change).

Summary:

Would require the commissions for the County of Imperial and the County of Riverside to conduct and publish on their internet websites a joint study of voting rights in the Imperial Irrigation District, options for providing electricity in the Imperial Irrigation District, and options for alternative governance structures for the Imperial Irrigation District board of directors, as specified. The bill would make the joint study contingent upon funding by the Legislature and would require the study to be published no later than 18 months after receipt of funds from the Legislature.

Position: Watch

Subject: Special Districts Governance

CALAFCO Comments: As amended on 3/18/21, the bill focuses on the Imperial Irrigation District. The bill requires Imperial and Riverside LAFcos to conduct a special study of voting rights and options for providing electricity in the district area should the district decide it no longer desires to provide that serve, to be completed by December 31, 2022, as an unfunded mandate. The bill also requires membership of the district board to increase from 5 to 8 members, with the additional 3 members residing in Riverside County in the area being serviced by the district and appointed by the County Supervisor of that County district. The three new members will be non-voting members.

CALAFCO met with the author's staff on March 18 to discuss concerns on the bill, with input from Riverside and Imperial LAFcos (who will meet with the author's office as well). Concerns include: (1) The unfunded mandate and timing of the study; (2) As representation in the Riverside County service area is the issue, governance structure should also be a part of the study; (3) Section 21562.6 of the Water Code as added is far too vague. CALAFCO offered specific suggestions for clarification in this section.

This bill is similar to AB 854 (2019), which died in Appropriations. CALAFCO had a Watch position on that bill as the two member LAFcos had opposing positions, and this is a local matter. However, there is concern about requiring a study without funding (the last time the Legislature mandated a special study on a district it required the study be funded by the district).

The bill is author-sponsored and as of now there is no budget appropriation to cover cost.

UPDATE AS OF 4/21/21 - As amended on 4/19/21, the bill makes substantive changes including: (1) Requires state funding for the study and prescribes an 18-month timeline for completion upon receipt of funds; (2) Adds study content of options for governance structure of the district; (3) Changes the number from 3 to 1 of nonvoting board members appointed to the district Board; and (4) Specifies requirements for the appointment.

Summary:

Current law creates a city selection committee in each county that consists of 2 or more incorporated cities for the purpose of appointing city representatives to boards, commissions, and agencies. Under current law, a quorum for a city selection committee requires a majority of the number of the incorporated cities within the county entitled to representation on the city selection committee. Current law requires a city selection committee meeting to be postponed or adjourned to a subsequent time and place whenever a quorum is not present at the meeting. This bill, for the city selection committee in the County of Los Angeles, would reduce the quorum requirement to 1/3 of all member cities within the county for a meeting that was postponed to a

subsequent time and place because a quorum was not present, as long as the agenda is limited to items that appeared on the immediately preceding agenda where a quorum was not established.

Summary:

Would, notwithstanding any local restrictions on adopting zoning ordinances, authorize a local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2023, based on specified criteria. The bill would specify that an ordinance adopted under these provisions, and any resolution to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that ordinance, is not a project for purposes of the California Environmental Quality Act.

Position: Watch

Subject: Housing

CALAFCO Comments: While not directly affecting LAFcos, the requirements in the bill are of interest. As amended on 4/13/21, the bill authorizes a local government to adopt an ordinance to zone any parcel for up to 10 units of residential density per parcel, at a height specified in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined in the bill. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2023, based on specified criteria. The bill would specify that an ordinance adopted under these provisions, and any resolution adopted to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that ordinance, is exempt from CEQA. The bill imposes specified requirements on a zoning ordinance adopted under these provisions. The bill would prohibit a legislative body that adopts a zoning ordinance pursuant to these provisions from subsequently reducing the density of any

parcel subject to the ordinance and makes void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts a use or density authorized by an ordinance adopted pursuant to the provisions in the bill.

UPDATE: The amendment of 4/27/21 amends 65913.5(a)(3) to remove exemption of parcels excluded from specified hazard zones by a local agency pursuant to 51179(b).

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 establishes a pilot program under which the commissions in the Counties of Napa and San Bernardino, upon making specified determinations at a noticed public hearing, may authorize a city or district to provide new or extended services outside its jurisdictional boundary and outside its sphere of influence to support existing or planned uses involving public or private properties, as provided. Current law requires the Napa and San Bernardino commissions to submit a report to the Legislature on their participation in the pilot program, as specified, before January 1, 2020, and repeals the pilot program as of January 1, 2021. This bill would reestablish the pilot program, which would remain in effect until January 1, 2026. The bill would impose a January 1, 2025, deadline for the Napa and San Bernardino commissions to report to the Legislature on the pilot program, and would require the contents of that report to include how many requests for extension of services were received under these provisions.

Position: Watch

Subject: CKH General Procedures

CALAFCO Comments: This bill is the same as SB 799 from 2020 and seeks to re-establish and continue the pilot program for five more years. The program ended as of January 1, 2021 but due to the pandemic, SB 799 from 2020 to extend the sunset was not moved forward in the legislature.

UPDATE: As amended on 4/29/21, the bill now adds 56133.6 which seeks to address several projects in the City of St. Helena, and resolve a current law suit between the winery and the city. The amendments authorize Napa LAFCo to consider new or extended service by the city to specific parcels with certain conditions. The bill requires the Napa LAFCo make certain determinations if approving, include any decision in their required report to the Legislature and has a sunset of 1-1-26.

CALAFCO has made a request for several technical amendments to the version dated 4-29-21, and has concern this addition strays too far from the original intent of the pilot program. Requested amendments on the table now include: (1) Rewording of both sections 56133.5(a)(2) and 56133.6(a)(3) to explicitly state both (A) and (B) are required; (2) Reword the new addition to 56133.5(d) so that it does not presume Napa LAFCo will authorize the new or extension of service; and (3) Rewrite 56133.6(a)(1) to clarify that (A) must apply to both (B) and (C).

Summary:

Would require the El Dorado County elections official, with the assistance of the Fallen Leaf Lake Community Services District, to conduct district elections pursuant to the Uniform District Election Law, except as otherwise provided in the bill. The bill, notwithstanding existing law, would provide that voters who are resident registered voters of the district, and voters who are not residents but either own a real property interest in the district or have been designated by the owner of a real property interest to cast the vote for that property, may vote in a district election in the Fallen Leaf Lake Community Services District, as specified. The bill would require the designations of voters and authority of legal representatives to be filed with the El Dorado County elections official and the secretary of the Fallen Leaf Lake Community Services District and maintained with the list of qualified voters of the district. This bill contains other related provisions and other existing laws.

Position: Watch

Subject: Special Districts Governance

CALAFCO Comments: This bill is the same as SB 1180 from 2020 which did not move through the legislature. It is a local El Dorado County/district bill. This bill does several things. (1) Provides that voters who are resident

registered voters of the district, and voters who are not residents but either own a real property interest in the district or have been designated by the owner of a real property interest to cast the vote for that property, may vote in a district election in the Fallen Leaf Lake Community Services. (2) The bill also would authorize a voter who is not a resident of the district but owns a real property interest in the district to designate only one voter to vote on their behalf, regardless of the number of parcels in the district owned by the nonresident voter. (3) This bill would prohibit the Fallen Leaf Lake Community Services District from providing any services or facilities except fire protection and medical services, including emergency response and services, as well as parks and recreation services and facilities.

Summary:

current law requires certain transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system. Certain of these agencies are designated under federal law as metropolitan planning organizations. Existing law requires that each regional transportation plan include a sustainable communities strategy developed to achieve greenhouse gas emission reduction targets for the automobile and light truck sector for 2020 and 2035 established by the State Air Resources Board. This bill would require that the sustainable communities strategy be developed to additionally achieve greenhouse gas emission reduction targets for the automobile and light truck sector for 2045 and 2050 and vehicle miles traveled reduction targets for 2035, 2045, and 2050 established by the board. The bill would require the exercise of any new authority granted under the bill to comply with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. Summary:

The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by email or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified.

Summary:

Under the California Land Conservation Act of 1965, the board of supervisors or city council may grant tentative approval for a cancellation by petition of a landowner as to all or any part of land subject to a contract, as specified. Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor is required to determine the current fair market value of the land as though it were free of the contractual restriction, and requires the assessor to send the fair market value to the Department of Conservation, hereafter department, at the same time the assessor sends the value to the landowner. Current law provides for a certificate of tentative cancellation upon tentative approval of a petition by a landowner accompanied by a proposal for a specified alternative use of the land, as provided. Current law requires the board of supervisors or city council to provide notice to the department related to cancellation of the contract as well as in other specified instances. This bill would revise and recast these provisions to no longer require the assessor to provide notice to the department and to require the board of supervisors or city council to provide notice to the department if the certificate of tentative cancellation is withdrawn, as specified.

Position: Watch

CALAFCO Comments: This bill narrows the role of Department of Conservation (DOC) in administering the Williamson Act. It does not change other provisions in the Act except for lessening reporting requirements by local governments to the DOC. The bill repeals the ability of the DOC to agree on a cancellation value for contracted land with a landowner, along with the requirement that the department provide a preliminary valuation to the applicable assessor, and repeals the requirement that the DOC approve cancellation of a farmland security contract. The bill also repeals and narrows reporting requirements by requiring the DOC to post all local government reports on Williamson Act lands/contracts on its website rather than create a report and submit to the Legislature. The bill also repeals certain reporting requirements by local governments (cities and counties) to the DOC regarding Williamson Act contracts.

As amended on 3/4/21, the bill requires cities/counties to file annual maps on Act lands; and removes the requirement for state approval for the amount of security to be paid when paying cancellation fee. CALAFCO will continue to watch this bill to ensure no detrimental changes are made to the Act through future amendments.

5/10/2021 9 a.m. - John L. Burton Hearing Room (4203) SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary:

Current law requires the officer of each local agency, who has charge of the financial records of the local agency, to furnish to the Controller a report of all the financial transactions of the local agency during the preceding fiscal year within 7 months of the close of each fiscal year in a form required by the Controller. Current law requires the report to include, among other things, the annual compensation of a local agency's elected officials, officers, and employees, as specified. This bill would specify that the reports shall be furnished at the time prescribed by the Controller and would revise the amount of time in which the report is required to be furnished to either 7 months or within the time prescribed by the Controller, whichever is later
