Summary:

The California Safe Drinking Water Act provides for the operation of public water systems and imposes on the State Water Resources Control Board related responsibilities and duties. Current law authorizes the state board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2019, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system.

CALAFCO Comments: This bill would authorize a water or sewer system corporation to file an application and obtain approval from the PUC through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system. The bill would require the commission to approve or deny the app. Unless the commission designates a different procedure because it determines a consolidation warrants a more comprehensive review, the bill would authorize a water or sewer system corporation to instead file an advice letter and obtain approval from the commission through a resolution authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system.

Summary:

Would create the Small System Water Authority Act of 2019 and state legislative findings and declarations relating to authorizing the creation of small system water authorities that will have powers to absorb, improve, and competently operate noncompliant public water systems. The bill, no later than March 1, 2020, would require the state board to provide written notice to cure to all public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance, for the period from July 1, 2018, through December 31, 2019, with one or more state or federal primary drinking water standard maximum contaminant levels, as specified.

Subject: Water

CALAFCO Comments: UPDATE AS OF 8/10/20. After discussions with the author's staff and sponsors regarding CALAFCO's concerns, additional amendments are expected that address some but not all of our concerns. The primary concerns of LAFCO exclusion from the formation process, LAFCO exclusion from the dissolution process, and unclear funding language are still cause for great concern and CALAFCO will retain an OPPOSE position. Further, CALAFCO has not yet reviewed the pending amendments to ensure they are as stated by the sponsors. Changes specific to LAFCO are to be as follows:

- o Added language clarifying that LAFcos are on the list of notified entities under Section 78033(a)(1) when the State Board intends to form a SSWA;
- o Added language in 78033(a)(2)(A) to make sure the LAFco is notified when an entity wishes to voluntarily join a SSWA;
- o Added language in 78033(a)(2)(B) to notify a LAFco when the public issues a petition to join a SSWA;
- o Added language in 78033(b) to notify a LAFco when a dependent special district wishes to opt-in to an authority;
- o Added language identifying the "interim operator" in 78037 (a)(4) as the entity to whom the service, assets and liabilities should be transferred;
- o Added language in 78035(c) requiring comments received by the LAFco be considered by the SWRCB and formation coordinator on the draft conceptual formation plan prior to the document being made public;
- o Added language in Section 78038 requiring the State board to respond to the contents of the report; and
- o Removed reference to "extraordinary" costs to all allow all LAFco costs to be funded by the SWRCB and added language in the Safe Drinking Water Fund Expenditure Plan clarifying that these costs are an eligible expense.

UPDATE AS OF 07/23/20. There are currently proposed pending amendments not yet in print being negotiated by the author and sponsors with Assm. Appropriations that remove LAFco authority in the formation of the new water authority and give that quasi-legislative authority to the SWRCB. Further LAFco will no longer have any authority in the dissolution of a public water supplier as part of the formation of the new authority, and all LAFco funding for what is required to be done by LAFco is being eliminated. There are numerous other issues with the pending amendments, all of which are detailed in our opposition letter.

This bill is very similar to AB 2050 (Caballero) from 2018. Several changes have been made. This bill is sponsored by Eastern Municipal Water District and the CA Municipal Utilities Assoc. The intent is to give the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFco will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFco will have ability to approve with modifications the application, and the new agency will have to report to the LAFco annually for the first 3 years.

-----------	-----------	-------	--	--

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 generally requires that a territory to be annexed be contiguous to the city at the time the proposal is initiated. The act also requires each commission to develop and determine the sphere of influence of each city and special district within the county. The act defines sphere of influence, for purposes of these provisions, as a plan for the probable physical boundaries and service area of the local agency, as determined by the commission. This bill would authorize the annexation of territory comprising the main campus of the University of California, Merced, as specified, and the road strip, as defined, to the City of Merced, notwithstanding the requirement that the territory be contiguous with the city, if other conditions are met, including that the territory is within the city's sphere of influence. The bill would prohibit the commission from approving a subsequent annexation to the road strip pursuant to these provisions unless the territory proposed to be annexed is contiguous to the property comprising the main campus of the University of California, Merced or the boundaries of the City of Merced as it existed on January 1, 2021.

Subject: Annexation Proceedings

CALAFCO Comments: UPDATE AS OF AUGUST 14, 2020 - As amended on 8/13, the bill addressed the necessary technical correction and CALAFCO has removed our opposition and moved back to Watch.

UPDATE AS OF AUGUST 1, 2020. The bill was amended on the Senate floor, however there was an error in the language. The amendments prohibited annexations of road strips subsequent to the original annexation allowed in this bill. However, this provision was intended to prohibit subsequent annexations to the road strip to prevent so-called checkerboard annexations that undermine orderly growth and development patterns. With this correction, we will remove our opposition.

UPDATE: The amendments of 7/23/20 change the bill so that all territory adjacent to the road strip (rather than just tot he campus) are eligible for annexation. This will create a wide swath of checkerboard annexations and sets a precedent. Further, the City has been working on an annexation feasibility study for 2 years that is supposed to be presented to the City Council within the next month or two, so this legislation is premature to that study. CALAFCO is now opposed to the bill as amended.

This is a local bill for Merced. It allows a defined section of the UC Merced campus and access road to be annexed if certain conditions are met and keeps the LAFCo process intact. CALAFCO will watch the bill to ensure the LAFCo process remains protected and work with Merced LAFCo.

SB 625 (Bradford D) Central Basin Municipal Water District: receivership.

Summary:

Would dissolve the board of directors of the Central Basin Municipal Water District (CBMWD) and would provide that the November 3, 2020, election for directors of CBMWD shall not occur. The bill would require the Water Replenishment District of Southern California (WRD) to act as the receiver for CBMWD, would vest WRD with all necessary powers under the Municipal Water District Law of 1911 to take control of CBMWD, and would transfer all powers vested in the board of directors of CBMWD to the board of directors of WRD, except as specified. The bill would require CBMWD's board of directors to surrender all control of CBMWD and its resources to WRD.

Summary:

Would establish a new test that, for purposes of specific provisions of the Labor Code governing the relationship of employer and employees, a person providing labor or services for remuneration is considered an employee rather than an independent contractor, unless the hiring entity demonstrates that the person is (1) free from the control and direction of the hiring entity in connection with the performance of the work, both under the contract for the performance of the work and in fact, determined by a preponderance of factors, with no single factor of control being determinative, and either that (2) the person performs work that is outside the usual course of the hiring entity's

business, or the work performed is outside the place of business of the hiring entity, or the worker is responsible for the costs of the place of the business where the work is performed, or that (3) the person is customarily engaged in an independently established trade, occupation, or business of the same nature as that involved in the work performed.
